

* * Pingu in the City

Overview

The globally adored, Swiss-born character Pingu is returning to television with new stories and new characters. This fresh, fun series brings the cheeky penguin and his world back to life using 3D computer graphics, totally recreating the texture of the original claymation, which began in the 1980s.

Story

Pingu has moved with his family to the big city from a small village. He meets many other penguins doing interesting jobs, from chefs to florists to carpenters. How exciting for the curious little penguin! He tries to give them a hand, but sometimes his mischievousness gets him into trouble. But thanks to his cheerful spirit and wit, he's saved every time.

Pingu's New Challenge

Chef, florist, carpenter, police officer, soccer player, inventor ... Pingu tries a new job in each episode ! He spins around and changes into a cute new outfit every time!

New Characters

In addition to familiar characters such as Pingu's family and Robby the seal, many new friends with various jobs will appear from every sides of town !

New Look

While inheriting the original features of Pingu such as the texture of the clay and the unique movement of the characters, the series has been created by using a special CG process, adding dynamic action and appealing music.
